

What They're Saying About *The Shadow of Justice*

“Miami is to criminal law what Oz was to Dorothy and Toto. From the glitter to the grit, nobody knows the place better than Milt Hirsch, and it all shines through in *The Shadow of Justice*.”

– Carl Hiaasen, author of *Sick Puppy* and *Basket Case*

“*Shadow of Justice* is great stuff—a page-turner of a murder mystery, and a wickedly funny send-up of the justice system’s failings. If you love a good trial, a good laugh, or just a plain good read, look no further than Hirsch’s wonderful tale of Miami lawyers at their best (and worst).”

– Barry Scheck, Professor of Law, Cardozo Law School/Yeshiva University, and co-author of *Actual Innocence: When Justice Goes Wrong and How to Make it Right*

“Hirsch's pen cuts like a knife into the sordid, seedy underbelly of the criminal justice system. What spills forth is a tantalizing tale of deception and lust. *Shadow of Justice* is told with gripping legal accuracy, as only a masterful trial lawyer can tell it...”

– Judge Marilyn Milian, Judge of *The People's Court* Television Show

“A horrific crime without known motive, a cunning frame-up, and a judge caught between the law and the truth. Only an attorney of Milton Hirsch’s caliber could pull this one off. Intelligent, incisive, and real. At last a novel where the moral issues of the legal profession come painfully alive.”

– Barbara Parker, author of *Suspicion of Vengeance* and other titles
