Arnold & Porter

555 Twelfth Street, NW

Washington, D.C.

And Dial-In

February 21, 2006

12:00-1:30PM

Experienced business people, inside counsel, and outside counsel, will put forward what they see as the practical but important (and often expensive) issues arising in attempts to comply with these data requests. Both general issues and specific examples will be discussed.

Bob Kramer of DOJ and Cathy Moscatelli of FTC will provide agency perspectives and reactions.

Hopefully, a constructive dialogue will be stimulated that could be an important step toward increasing the efficiency and effectiveness of Agency HSR data requests.

To register, contact Connie Carrol at ccarrol@lecg.com or 202-973-0533.

Please indicate whether you'll be participating in person or by telephone. A dial –in number will be e-mailed to telephone participants three days before the Brown Bag.
