Areas of Expertise

Matteo Bay is a partner and a member of Latham & Watkins' Global Antitrust and Competition Practice. He divides his time between the offices of Brussels and Milan. An Italian *avvocato*, he concentrates his practice on EC and Italian competition law. A former senior clerk (*référéndaire*) at the European Court of Justice for three years, he also advises clients on other areas of EC law, such as the Internal Market. In his competition and regulatory practice, he regularly represents clients in administrative and judicial proceedings (including private actions) before the European Commission, the Italian Antitrust Authority (IAA) and the EC and Italian Courts.

With specific reference to his Italian practice, including prior to joining Latham & Watkins, Mr. Bay assists major Italian corporate clients in a number of investigations conducted by the IAA both in cartel and in abuse of dominance cases. He has also supervised several merger filings and notifications to the IAA seeking approval for various types of cooperation and joint venture agreements.

He has served in the American Bar Association (ABA) task force that drafted the ABA comments on the six notices and procedural regulation for the application of Regulation No. 1/2003 (the "Modernization Package") that the Commission had published in draft form and his publications include the Italian chapter of the first supplement of ABA's "Competition Laws Outside the United States" (2005), that he has co-authored.
