

SECTION MEMBERSHIP LIST POLICY
Indianapolis Bar Association

Section Chairs may have a printed copy of their Section membership list for use in sending personal notes, emails, calls, etc. As a bar leader they are entitled to the information they need to interact with their Section members.

However, in keeping with the IBA's general mailing list policy Section leaders cannot use the list to "circulate" the membership. This would include using the list to promote non-IBA events, services, etc. In addition, they are not to secure a list for use by others.

Section membership lists may not be given in electronic format without the advance approval of the Executive Director, and should be discouraged.
