

## SUGGESTED ADDITIONAL READING

### RENEWABLES INCENTIVES PROGRAM– DECEMBER 15, 2004

1. DSIRE. Established in 1995, the Database of State Incentives for Renewable Energy (DSIRE) is an ongoing project of the Interstate Renewable Energy Council (IREC), funded by the U.S. Department of Energy and managed by the North Carolina Solar Center. The Database provides a comprehensive source of information on state, local, utility, and selected federal incentives that promote renewable energy. <http://www.dsireusa.org/>
2. The American Wind Energy Association web site provides state by state information on net metering, interconnection and local and state incentives for small wind at <http://www.awea.org/smallwind/>
3. The DOE Energy Efficiency and Renewable Energy site is a place to start to understand DOE activities and incentives for R & D. <http://www.eere.energy.gov/>
4. National Conference of State Legislators Energy Efficiency and Renewable Energy site has a full set of links to sites on the topic, as well as links to presentations. <http://www.ncsl.org/programs/energy/eneffandren.htm>
5. Memorandum by Edwin Ing – The Effect of NYSERDA's Wind Project on the Federal Production Tax Credit. See <http://www.nyserda.org/energyresources/taxcreditpaper.pdf>
6. "Ending the Energy Stalemate: A Bipartisan Strategy to Meet America's Energy Challenge" See <http://www.energycommission.org/> It includes extensive discussions in both the text and the many annexed technical documents which are also on the web site. See e.g. on incentives and encouraging R&D: <http://64.70.252.93/O82F4699.pdf>
