**INTERPRETATION OF G-601G**

Pursuant to G-601G, programs that have an affiliation with an ABA approved law school that allows paralegal students full use of the hard copy collection in the law school's library are deemed to have fulfilled the collection requirements in Guidelines, numbered 601G 1 through 9.

Programs that seek to fulfill the collection requirements in this manner must provide:

- 1) a letter from the law school librarian confirming that paralegal students can use the law library's hard copy collection and
- 2) an inventory of the paralegal periodicals and texts required by G-601G7 and 8.
