

Property Tax Deskbook Standing Order List

The Property Tax Deskbook provides property tax managers, attorneys, accountants and other professionals the information they are most likely to need for state property tax issues, planning and procedures. Every state and the District of Columbia has a full chapter in the book. Each chapter identifies the most important principles and positions in that state with citations to the pertinent statutes, rules, regulations and case law. The authors also provide additional interpretative information gleaned from rulings, bulletins and local practice that is often difficult for practitioners to find.

Under this new Standing Order List program, you can receive this essential tax law reference book on 45-day risk-free approval at a **25% discount** off of the list price. You will be billed separately for each edition at the then-current price, plus shipping and handling. If, for any reason, you are not satisfied with any edition, you may return it within 45 days of receipt for a complete refund of the price of the book ... no questions asked!
