

Tailor your ABA Tax Section membership to your practice Join a Tax Section Committee

ABA Tax Section committees play a vital role in carrying out the Section's dynamic government relations and comprehensive CLE and publishing programs. Section Committees research new tax law, comment on regulations, prepare reports on current changes in the law within their specialties, develop CLE programs, and contribute to Section publications.

While most committees target specific substantive areas, some committees reach across practice areas. Our active and growing Young Lawyers Forum provides special networking and career development opportunities for young lawyers and law students interested in tax. Our Foreign Lawyers Forum, made up of international practitioners, provides international perspectives on topics of interest to U.S. tax lawyers. Our Diversity Committee is devoted to projects designed to increase diversity in the tax profession and in the Section.

Please visit the Section's Committee Membership website at www.abanet.org/tax/committees to find out more about the benefits of membership in any of the following committees.

Administrative Practice	Fiduciary Income Tax	S Corporations
