

# ***IRMO FIRE DISTRICT***

***Serving Since 1963***

---

To Whom It May Concern:

The Irmo Fire District recently participated in the Firefighter Will Program sponsored by Nelson Mullins Riley & Scarborough, LLP.

This program was offered to our department as a gesture of good will for the job that firefighters do for others. It was presented as a simple, no strings attached program for any firefighter that wished to participate. What we got was exactly what they promised. A straight forward simple will that only required the firefighters to fill out a questionnaire, and have it witnessed and printed out by their staff. The entire process took less than 20 minutes per firefighter and was done with the professionalism that is expected with such a personal decision.

The spirit of the fire service has always been to take care of others first and in the process firefighters generally tend to forget about themselves. Since September 11<sup>th</sup> there has been a psychological impact in the fire service community that will take years to recover from. It is my opinion that this type of service that is being offered to the fire service will have a lasting positive impact for years to come. We were pleased to be one of the first departments to participate in this program and encourage your support in this effort.

Mike Sonefeld  
  
Irmo Fire District Chief
